*******Important Pre-Operative and Post-Operative Information*******

- You will receive a pre-procedure phone call 1- 3 days before your procedure. The nurse will be asking you about your medical history, medications and allergies. If you have any concerns please tell the nurse at this time.
- Please remove all hairpins, jewelry and body piercings before to your appointment.
- Please complete the attached **Health Questionnaire (front and back)** you received from your physician's office.
- If you have a Pacemaker or implanted defibrillator, please bring your identification card and the name of your cardiologist.
- **For your safety:** A family member or friend must accompany you to and from the RGH WILSON CAMPUS GI/Endoscopy unit.
- **After discharge you are being advised not to do the following because of the sedation medication you were given during your procedure:** You may not work, drive, operate machinery, make major decisions or drink any alcohol for the remainder of the day. A non-medical taxi may be used only if you have someone to accompany you. **A bus is NOT acceptable.**
- A Registered Nurse will review your discharge information with you and a copy of this information will be given to you to take home. Your physician will speak with you and your family member or friend before you are discharged home.

The Gastroenterology Staff at RGH looks forward to meeting you and providing you with the very best of care.
